

## ELAINE SHOWALTER COLLECTION BIBLIOGRAPHY

*Elaine Showalter's generous gift primarily of books by and about Victorian British women authors to the Rutgers University Libraries contains nearly 500 titles in 652 volumes. This bibliography was extracted from Rutgers' online public catalog, IRIS, by Robert Warwick and edited for publication here by Michael Joseph and Robert G. Sewell. Most of the books are available in the Alexander Library stacks, and a few dozen, in Special Collections and University Archives, also located in the Alexander Library. The Showalter Collection was cataloged with the aid of a grant from the New Jersey Council for the Humanities.*
